

Disclaimer

Products, services, information and assistance provided to ES&H International's customers (including the ES&H Guidelines and their associated documents), are to be used only on the terms and understanding that:

- ES&H International and any persons involved in the preparation, publishing, selling, updating or any other activity related to products, services, information and assistance, are not responsible for any results or consequences whatsoever, arising from any actions taken on the basis of information, omissions or errors contained in the products, services, information and assistance.
- ES&H International believe that all information provided to customers is accurate and reliable. However, no warrant of accuracy, completeness, comprehensiveness or reliability as to such information is given and no responsibility for loss arising in any way whatsoever from, or in connection with, errors or omissions in any information provided, including responsibility for any person or entity by reason of negligence, is accepted by ES&H International or by any of its employees or agents.
- ES&H International and any person associated with it, expressly disclaim any responsibility whatsoever for the environmental, safety, occupational health aspects, and/or for any other aspects of the customer's operations, nor for the operations of any other party whatsoever.
- ES&H International's products, services, information and assistance do not constitute legal, professional or any other advice. It is the responsibility of the customer to seek such advice at its discretion, for any aspect of its operations related to environmental protection, safety, occupational health and/or any other aspect related to the products, services, information and assistance provided.
